

In the darkest reaches of the demonic prison that lays under Sarandin Isle, where demonic essence is at its greatest, the strangest of monsters can be found and formed. While the world above seeks to forget and seal those demons within their hold, none would even suspect to imagine the existence of the demonic slime in those depths. Captured and held in one such darkest corner, one noble woman who'd come seeking fame and tall tales will learn first hand of a story none would believe, for whence she touches the dark matter dripping through cracks in the wall, it takes on a life and lust of its own, intent on bringing her unimaginable pleasure. The well endowed succubus drawn to the commotion will only aid in the slimes animate desire to mimic and please Victoria in this tale of those confined to the demonic hold.
