

Step Star: Fight For Love. The third book in the Step Star Series! The beauty of Grand Cayman taunted my broken heart. White buildings glowed lavender in the indigo twilight. The soft ocean breeze caressed my skin like a whisper, carrying the musical laughter of locals and tourists through the air, but everything felt upside down and backwards. Ben Strong was the love of my life, my natural man. I gave him my virginity. He swore he had always loved me, but could not promise to be faithful. Why wasn't I enough for him when we were fated to be? Was it a sin because we grew up in the same home? Was my punishment to forever love the only man who could never be totally mine? Oh, I know how incredibly self-indulgent and dramatic I was being as I dragged my weepy ass through the streets of George Town. Ben's inability or unwillingness to keep his fly up had nothing to do with me or that we had grown up together. He was a damn rock star. He was gorgeous. Every man wanted to be him and every woman wanted to f**k him. Like the Chris Rock joke: a man is only as faithful as his options. Why would I think I was going to be the one to change him, even if we were soul mates? Also included as a bonus excerpt, Chapter One of Her Masters Trust a Billionaire Boss mystery novella also available on Kindle.
