

After facing her nightmares head on, Keira soon finds her troubles have only just begun and if she thought mortals were dangerous then being hunted by the world's most powerful beings will spin her further into a web of supernatural destruction. Keira can't help seeing the handsome man before her, she can't help the dreams that consume her and neither can she stop him from wanting her. But the controlling man that follows her every move, isn't the man she's dating but the man that's hunting her. Now it's down to the only man with enough power to keep her safe and he doesn't play well with others. Nor does he take kindly to people trying to take what belongs to him and Keira belongs to only one man... Dominic Draven. Will the fight for their love be enough to survive the new world she is forced to live in and more importantly, can she survive being with the King of the Afterlife?!

Warning: This book not only has sexual content but also two high sex drives and one possessive Alpha male used to getting his own way! This book has been written by an UK Author with a mad sense of humour. Which means the following story contains a mixture of Northern English slang, dialect, regional colloquialisms and other quirky spellings that have been intentionally included to make the story and dialogue more realistic for modern day characters. And please note this is the 1st book in a 9 book saga, which means you are in for a long and rocky ride. So put the kettle on, brew a cuppa, grab a stash of snacks and enjoy!
